## INTERNATIONAL MOBILITY EXCHANGE PROGRAMMES

Academic international mobility is a fundamental element in the personal and academic development of students. Mobility exchange programmes expand job opportunities, respect for diversity and an understanding of different cultures.

The Faculty of Law and Business participates in several mobility cooperation and exchange programmes for teachers, students and staff around the world, such as Erasmus+, UCOGlobal and UCOGlobal Asia.

From the International office we advise the incoming students, carrying out their application process and enrolment documentation at UCO. At the same time, we help students to get integrated into university life.
